Rehabilitation Committee Outlined for Wainwright

During the latter part of last week our local rehabilitation committee, had as their guests Mr. J. W. Mould and Mr. W. MacLaren, both of Edmonton.

Mr. Mould and Mr. MacLaren, are directors of the Department of Veterans Affairs, office in Edmonton, and were in town outlining a proposed setup for local rehabilitation committees.

At the meeting that took place, different sub-committees were formed and a chairman was appointed for each.

Mr. Gordon Graham, is the president of the committee with Mr. Chas. Horn, acting as secretary. Other members that are to play an important part in Wainwright's Rehabilitation of its ex-service men are, Mr. R. A. Snyder; Mr. H. Brunner, and Mr. P. M. Armishaw. It is pointed out here that any member of the armed services, or anybody else that is desirous of obtaining information, should not delay in contacting the above named gentlemen. It is their earnest desire to help any member of the services get established back into civil life.

As a suggested set-up for the different committees, we have outlined a list of committees that are suggested for the proper function of any local rehabilitation committee.

(1) Vocational and Educational: To co-operate with the Vocational Training and Educational authorities (Acting Supervisor of Training, Department of Veterans Affairs, Redwood Building, Edmonton) with a view to seeing that training is adequate. To advise and discuss with the veteran the advisability of vocational or educational training and to work in close harmony with the above-mentioned party. Endeavour to see that such training will be in the final analysis lead to suitable work, possibly within your own territory.

(2) Employment: To make a survey of possible employment throughout your particular community and to build up a workable to be used for the employment of your returning veterans, the records covering this workable to be available for scrutiny by your fellow committee members.

(3) Casualty: To assist in the successful rehabilitation of our more seriously disabled veteran and, through close fellowship and guidance, assist in his final employment. To work in close harmony with the following parties: District Casualty Rehabilitation Officer, Colonel Newburn Hospital, Edmonton South; Edmonton Kiwanis Rehabilitation Council, c/o Mr. E. Truscott, Truscott ton, (via local committee.)

(4) Reception: To organize your veteran's welcome back to his home community. To sponsor veterans' social evenings. To give particular attention to the assimilation of our English brides into Canadian homes. To see that our veterans and their wives receive invitations to their community social gatherings.

(5) Personal Services: To handle cases which present problems of a personal nature, such as employer-employee relations, family difficulties, etc., and assist in providing a solution.

(6) Publicity and Public Relations: To make known the affairs and objectives of your rehabilitation committee. To interest and ask for the co-operation of other community, veteran and church organizations, particularly in the handling of adverse publicity relating to the plan of rehabilitation by asking the privilege of investigating these complaints to the satisfaction of your committee and the press before publication.

(7) Housing: To make a survey of housing conditions and keep a record

of all houses, rooms, etc., available for habitation.

(8) Veterans' Land Act: To offer advice and guidance to our veterans in connection with the Veterans' Land Act and to act as an intermediary between the veteran and the Veterans' Land Act Department. This committee should work in close co-operation with the Superintendent of the Veterans' Land Act, located on the third floor of the Bowley-Henry Building, Edmonton.

(9) Advisory: To assist, guide and offer advice to our veterans in connection with any business venture, the purchasing of stocks and bonds, or with regard to any item which involves the investment of a veteran's gratuity or re-establishment credit.

(10) Pensions: Through the medium of the Welfare Officer, Mr. Walter R. McLaren, Department of Veterans Affairs, Edmonton, to present the case of any discharged person who would seem to have a proper claim to pension, so that he may bring it to the attention of the local pension authorities.

(11) Women's Committee: To study the problems of ex-service women and render personal service in their re-establishment. To give serious consideration to our English war brides and assist in their assimilation into Canadian life.

(12) Church: To take the services of our churches out to our veterans and their brides, and through their men's and women's committees to offer advice and guidance.

(13) Legal Aid: To seek the co-operation of your legal profession in line with the legal profession through out Canada in offering advice and guidance to our veterans for a stated period of time after their final discharge.

The above outlines the respective duties of these committees. As they start to function, other opportunities for service will appear.

Yours sincerely,
D.E. Mould,
District Supt. of Rehabilitation.

Local Minister Weds In City

The marriage of Rev. W. J. Whelan, of Wainwright United Church, and Miss Medea Blanche Brown, eldest daughter of Mr. and Mrs. J. H. Brown, of Delburne, Alta., took place Tuesday at McDougall United Church, Rev. F. S. McCall, principal of Alberta college, officiating.

The bride was given away by her father. She was dressed in lime green, a dressmaker suit, with which she wore a white hat and accessories. Her bouquet was of pink roses, carnations and mauve sweet peas.

Mrs. Cecil Cline, sister of the bride, was matron of honor. Her frock was lilac crepe in a pale shade. Her hat and accessories were white. She carried pink carnations and sweet peas.

Mr. Cecil Cline was best man. For the reception at Mr. and Mrs. Cline's home, 12330 101 st., Mrs. Brown, the bride's mother, wore flowered silk jersey in shades of blue and rose, and a corsage bouquet of pink roses.

Peonies in pastel colors adorned the bride's table which had a tiered wedding cake as its centerpiece. On either side of the cake were yellow candles.

Rev. F. S. McCall proposed a toast to the bride. After the reception the bridegroom officiated at the christening of Mr. and Mrs. Cline's infant son, Herbert James Cline.

Going away the bride wore her green wedding ensemble, a brown top coat and brown accessories. She and her husband are at home now in Wainwright. — Edmonton Journal.

CARD OF THANKS

I wish to thank the members of Canadian Legion, members of Local 22 B. P. O. E., members of Local 1449, R. E. C. of A. for the gifts and visits to see me while I was a patient in the Wainwright Municipal Hospital. Many thanks to the good services rendered by Dr. Wallace, Matron and all the Staff at the Wainwright Municipal Hospital.

THOS. CAPLEHORN.

Pretty Wedding Held in Edgerton

EDGERTON. — At St. Mary's Church of England here Rev. L. A. Bralant, of Wainwright, solemnized the marriage of Miss Phyllis Mifney Roberts and Mr. George Donald Fitzpatrick.

The bride was given away by her father. She wore a floor-length gown of white ring satin, a wreath of orange blossoms and a flinty tulle wedding veil. Her only jewelry was a sunburst of pearls. She carried a shower bouquet of red roses and white carnations.

Mrs. H. D. Wey, matron of honor, was in white sheer with pale blue chapel veil and flowers in her hair. She carried pink carnations. Miss Marguerite Roberts, a sister of the bride, was bridesmaid. Her frock was a floor-length model in white jersey. She carried deep pink carnations.

Sgt. Marvin Crowe, of Penhold, a cousin of the groom, was the best man. Mr. Howard Ferguson, brother-in-law of the bride, was the groom's other attendant.

For the ceremony, Mrs. Roberts mother of the bride, wore navy blue with white accessories, and a corsage of white roses.

The wedding march was played by Mrs. F. Mitchell and the choir girls sang "O Promise Me."

After the ceremony a reception to 35 relatives and friends was held in the basement of the church which was decorated with wild roses and white lilacs. The bride's table was centred with a three-tiered wedding cake.

A toast to the bride was proposed by Mr. Bralant. Mr. Bullymore proposed a toast to the matron of honor and the bridesmaid, Sgt. Crowe responding. Mr. Spencer proposed a toast to Mr. and Mrs. Roberts.

After the reception the couple left for Banff, the bride travelling in a gold suit, dark brown accessories, and a corsage of white roses. They will live in Calgary. — Edmonton Journal.

Induction Service for Rev. Hancock

A very solemn and impressive service was held Monday last, July 16th in St. Andrew's Presbyterian Church, Wainwright, when the Edmonton Presbytery of the Presbyterian Church in Canada, Ordained the Rev. A. R. Hancock to the Holy Ministry.

Presbytery was convened prior to the service of ordination, and the Rev. H. Douglas Stewart, B.A., of St. Andrew's Church, Edmonton was elected Moderator pro-tem. The Moderator recited the "Steps" leading to the Ordination of the Rev. Hancock, and the Rev. Andrew Walker of Knox Church, Lloydminster, "Charged" both congregation and minister on their respective duties as co-workers together with God.

Mrs. J. Truman Wolcott's most appropriate song "Thy Will Be Done." After the ceremony of ordination the members of Presbytery and the Session of St. Andrew's Church extended "the right hand of fellowship" to the Rev. Hancock charging all present to witness the fact that all privileges of the Church were now invested in their newly ordained minister.

In spite of the holiday season and the extreme heat, it was gratifying to see so many members, adherents and friends of St. Andrew's Church present for this auspicious occasion including the Rev. and Mrs. Bralant of St. Thomas' Church, and the Rev. and Mrs. Whelan and Miss Whelan of the United Church.

The Ladies Guild served a very tasty lunch in the Sunday School room of the Church at the close of the service when approximately 140 friends gathered to pay their respects and extend best wishes to the Rev. and Mrs. Hancock and family. Mrs. J. Nicholson, Mrs. F. E. Dixon, and Miss Ruth Raste formed a committee of Reception while Mrs. Balmer and Mrs. Morissette poured tea.

During the evening a telegram of congratulations was received from Rev. W. S. Brooker of Calgary, former minister here. He wished to be remembered to his many friends in Wainwright and district.

Don't steal your neighbor's good name. Help him make one.

Mr. & Mrs. Empey Fiftieth Wedding Ann.

(Held over from last week.)

On July 10th, 1896 Mr. R. B. Empey and Miss Samantha Sheldon were united in marriage at the home of the bride in Chantry, Ont. After fifty years of wedded life, Mr. and Mrs. Empey celebrated their golden wedding anniversary at their home in Edgerton, Alta., on Tuesday July 10th. A reception was held in the afternoon and many friends and neighbors attended to pay their respects to the honored couple.

Mr. and Mrs. W. F. Empey from Edmonton and Mr. and Mrs. H. Empey from Viking, motored down for the occasion. The four daughters were able to be present. Miss Hattie Empey from Sherbrooke, Que., and Eva from Sault Ste. Marie, Ont., Mrs. W. F. Redmond and Mrs. Cora Burnett of Edgerton.

Many beautiful floral tributes and other gifts were given, to express the esteem and respect in which Mr. and Mrs. Empey are held.

Mrs. Empey wore a navy blue cut crepe dress with a corsage of red roses and was presented with a bride's bouquet of white carnations and red roses.

The lace covered table was centred with a beautiful three-tiered wedding cake, the gift of Mr. and Mrs. Redford. Those pouring tea were Mrs. W. J. Reynolds and Mrs. Wm. Gilbert and those serving were Miss Thelma Burnett and Miss Louise Redmond.

During the reception Mr. Lumby entertained with several readings, much to the delight of the friends. Rev. R. Clegg, the minister recalled his first acquaintance with Mr. and Mrs. Empey when he was a student minister on a mission field at Stony Plain, Alta. in 1909.

The day also marked the twenty-sixth anniversary of Mr. and Mrs. W. F. Redmond. Mrs. Redmond wore turquoise crepe with a corsage of pale pink carnations.

Mr. and Mrs. Empey have seven grandchildren and one great grandson, Donald Redmond Arbutick.

Among the guests were representatives of the members of the local United Farm Women's Association and the Women's Association of the Rosedale United Church.

Armstrongs' Play at Chauvin

(Held over from last week.)

In a game that went two extra innings to break a tie, the Armstrongs' girls softball team met defeat at the hands of Chauvin at the Sports Day July 11th.

Stout pitching and fielding on the part of both teams featured the game and it was not until the last half of the ninth inning that the tie was broken by a pair of solid hits that netted a run for Chauvin, bringing the final score to 8-7.

Members of the Armstrongs' team are: Pitcher—Muriel Hill; Catcher—Georgina Gardiner; 1st Geneva Dregger; 2nd Mae Cummings; 3rd Shirley Bell; 4th Joyce Stevenson; 5th Mary Flanagan and Nora Kristenson; 6th Jean Bush; 7th Bladwin Jones; 8th Dora Hisset; coach, Winnie Long.

Wain. Wins Second at Ball Tournament

The Wainwright boys got away to a good start in the Baseball Tournament at Chauvin July 11 by noosing out Ribstone in the first game of the day by a 10-9 score.

However the tables turned against them in the final game as Chauvin ran off with a one-sided victory to take first money. The Wainwright team consisted of Pitcher Hank King, Catch Marshall Patterson; 1st Denny Ganderton; 2nd John Finlay; 3rd Irv Mitchell; 4th Cam Hume; 5th Pierre Touchette; 6th H. A. Koch; 7th Doug Ringrose, Manager John Mitchell.

CARD OF THANKS

I wish to thank my many friends for their thoughtfulness and to express my deepest appreciation to Dr. Wallace and the Staff of the hospital, for their attention during the past five weeks.

A. F. U. Convention Held In Wainwright

Twenty-eight delegates from 12 locals with a number of visitors and officials met at Wainwright Alta., on Friday July 14th last in District 7 convention of the A. F. U.

Mr. G. R. Tindall Jr., vice-president of the district and Mr. Raymond Garneau acted as chairman.

Mr. Neatman the retiring District Director gave his report and was thanked for his past services.

High light of the convention was a talk by Mr. Henry Vander Vaites of Kinross.

Mr. Vander Vaites told of having 18 out of 24 head of milk cows condemned in a T. B. test resulting in his herd being out to six. Where he had been making \$1900.00 a year he now was only able to milk two cows and get \$5.00 a week. His main complaint was delay in making the tests owing to a shortage of Veterinarians. Later the convention adopted a resolution asking the Federal government to subsidize the Veterinary profession so as to make it worthwhile for those wishing to do so to become Veterinary surgeons. At present there are three schemes of T. B. control. There is no compensation under two of them. Under the third, supervised herds must be marketed through inspected plants when there's compensation to the extent of 2/3 of the value of condemned stock. For accredited herds or a T. B. free area there is none.

A number of resolutions were adopted besides the one already mentioned.

These called for: (1) Floors under cattle prices to prevent depressing prices of high grade cattle if a glut takes place owing to probable drought conditions this fall, (2) Ask Dominion responsibility for Health Services, (3) More adequate crop insurance, (4) Support for the Farm Forums, (5) Called for an amendment to the Municipal Act to allow of the collection of Farm Organization Dues when 51% in a given Municipality want it done.

One on meat production policy and meat rationing was adopted. This called for a co-ordinated price structure for livestock and grains to encourage the production of both.

The last one asked that the barley bonus of 15 cents and oat bonus of

10 cents be paid to all producers or combine owners sworn statements.

The following slate of officers was elected at the evening session:—

District Director, R. Garneau, Wainwright; District Pres., Mr. G. R. Tindall, Jr., Fabany; Vice-Pres., Mr. E. T. Sanders, Irma; Sec.-Treas., E. R. Fay, Wainwright.

Sub Directors:—S.D. No. 1, Mr. Geo. Connon Haseldine; S. D. No. 2, Mr. Chas. Reeves, Manville; S. D. No. 3, Mr. Bill Crabb, Irma; S. D. No. 4, Mr. Lars Myggland, Wainwright. No one was present from S. D. No. 5.

After the election of officers a number of addresses were given.

Mr. Coxworth of the C.C.I.L. was the first speaker. He gave a very interesting address on the costs of farm implements and made a strong appeal for membership in the C.C.I.L. on the basis of 10 cents per cultivated acre which must be done before Dec. 1st.

Mr. T. W. Townley-Smith then spoke on Soil Conservation.

Mr. Stewart of the Wheat Pool brought greetings of the Pool and addressed the convention on Post War Trade with Great Britain.

Mrs. Jones of Millet, followed with a talk on Women's place in the A. F. U. She gave an interesting address and got a lot of applause.

The last but not least speaker was 44th Vice-Pres, Logan of Holden. His subject was the tasks facing the people after the war. A good discussion took place all through the convention especially after Mr. Logan's address.

Adjournment took place at midnight.—Con.

Salute to Wainwright

On Wednesday night July 18th, Wainwright was publicized over C. J. C. A., in the form of a Salute to Wainwright. The idea has been in effect for some time now and there were 13 different towns selected to participate in the broadcasts, one each week.

For those that were interested to hear the broadcast, it gave a feeling of pride in our fair town and made you think that Wainwright isn't so bad a place to live, after all.

Below appears a full account of the reading that took place in the program, which was interspersed with musical selections.

WAINWRIGHT, a thriving town and divisional point on the main line of the Canadian National Railways, 136 miles east of the City of Edmonton, derives its name from a Mr. Wainwright, one time a director of the old Grand Trunk Railroad.

It enjoys excellent train and bus service and is situated on Provincial Highway No. 14. It was originally the Old Town of "Denwood," being moved in from approximately three miles south east, to the present site and renamed "Wainwright" and incorporated under that name as a town on July 14th, 1910.

It is surrounded by an excellent farming district to the north, east and west, while the Federal Buffalo Park, now used as a large German Officer Internment Camp, lies to the south. On July 21st 1929, a disastrous fire swept the Town destroying practically all places of business but as an aftermath the Town was rebuilt and now possesses excellent fire proof buildings throughout the down town section. The numerous stores are well stocked and commodious and a specially large modern hotel graces one of the main corners of the town.

The Wainwright Gas Company Ltd. supplies the Town with that commodity for heating purposes while the Calgary Power Company Ltd. furnishes as electrical power. The Town Council has under consideration the matter of installing water and sewage facilities to its residents and there are many fine homes throughout the Town.

Educational facilities are furnished in abundance, large High and Public Schools being in operation. Wainwright has the established offices of both the Enlarged Wainwright Municipal District, No. 61 and the Enlarged Wainwright School Division No. 32. Wainwright has always ranked high in sporting activities and has furnished its full quota of its native sons and daughters to the successful conclusion of the European Conflict. The approximate population of our Town is 1500—All in All—WAINWRIGHT IS A GOOD TOWN and to WAINWRIGHT we give our "SALUTE."

August 16th.

ANNOUNCEMENT

Mr. and Mrs. J. A. Touchette of Heath, announce the engagement of their elder daughter Miss Cecile Touchette to Paul Pilon of Montreal. The wedding will take place at St. Zotique Church in Montreal on August 11th.

In last week's report of the W. I. it was unfortunately omitted that the Rose Willow W. I. assisted the Wainwright Branch in serving supper to the out of town delegates.

Mrs. F. Aykroyd arrived back home on Saturday from Kingston, Ont.

New Yorker Gets Oil Land Lease At Wainwright

The 15,536-acre Vale Dome lease southeast of Wainwright, which the provincial government offered for tender a few weeks ago, has been awarded to Irwin Miller of New York. It was announced Saturday by the department of lands and mines.

It is reported that Mr. Miller paid \$1 an acre, expendable on drilling, and an undisclosed bonus for the lease.

The offer is considered important because it is believed the American capital involved is from interests which have not yet played any part in the search for Alberta oil.

The lease includes Crown, CPR and Hudson Bay oil and gas rights and lies just outside of the Wainwright park.

The Vale Dome lies half in and half out of the park, with what is considered the better part covered in the lease purchased by the New York

interests. The Dome was seismographed by the Dominion government two years ago at a cost of \$87,000, it is reported.

Dr. G. S. Hume, geologist for the oil controller, has recommended three wells on the structure. One at the top and one each on the south and north flanks.

Further interest in the Wainwright area is shown in the Imperial Oil action in taking out a reservation for 106,730 acres of oil right through its subsidiary, the Northwest Company. The property is immediately west of and bordering on the national park.

Province To Test New Teaching Plan

Department of Education is planning a "limited experimentation" with the system of reading for schools advocated by Francis R. Turnley of Vancouver, Hon. R. Esri Ansley minister of education said Saturday.

Mr. Turnley is the father of seven year old Fern Turnley who recently amazed Edmontonians with her knowledge. Since he came here Mr. Turnley has held numerous conferences with department of education officials.

Mr. Turnley credits Fern's ability to a fast system of reading he invented.

Mr. Ansley said the experimentation will be held during the school term starting in September and details are being arranged by the curriculum branch.

"It is expected that whatever testing is done will be in school classrooms operating under regular teachers and with the teaching done by them," Mr. Ansley said. "Mr. Turnley is being granted a nominal honorarium for which he will give occasional direction and guidance."

"It is anticipated that Mr. Turnley also will conduct some classes privately for pupils or persons desiring special assistance in learning to read," the minister said.

Mr. Ansley outlined to the cabinet this week the results of conference between department officials and Mr. Turnley.

RESOLUTION ON

MEAT RATIONING

Whereas, in order to provide meat for the victims of Fascism in Europe the Federal Government of Canada proposes to re-establish the rationing of meat in Canada as soon as possible and

Whereas, no Canadian who is against Fascism will object to such rationing as long as it is necessary for providing meats for the European and other peoples until such time as they can raise their own meats; however it is our opinion that rationing alone will not provide the necessary amount of meat required.

Therefore, we, the members of the Wainwright Club, L. P. P., all farmers, state that it is our considered opinion that in order to provide the necessary meat for U. N. R. R. A. that Canada requires a co-ordinated farm policy of production and farm price structure. In order to ensure a steady production of meats, the prices of grains and livestock must be co-ordinated at levels that will cover the cost to the producers. As temporary measure till such production and prices are co-ordinated, we further recommend to the Ministers concerned that the bonus of fifteen cents per bushel on barley and ten cents per bushel on oats be paid to all growers of barley and oats at the source, i.e., on the farm, on the basis of certified threshers' statements and that the bonus on grade A and B hogs be continued beyond the stipulated "six months after the war."

WAINWRIGHT, WEDNESDAY, JULY 18th, 1945

OUR MISTAKE

Last week as reported through these editorial columns, it
pointed out how beneficiary a veterans rehabilitation committee
would be for the town and district.

Well a great big goose egg was scored for the Editor, as
there is a such committee, in operation at the present time.

However the Editor didn't know it and went merrily ahead
writing as he would ordinarily.

The Editors personal apologies are extended to the Wain-
wright Canadian Legion, for such a gross error that was com-
mitted last week.

Many thanks are extended the Legion for their foresight in
establishing a veterans committee, but for heavens sake next
time that such an important committee is formed to help the
John Q. Public please let the Editor in on it, and then mistakes
like last weeks are not so apt to happen.

DISCRIMINATION AGAINST THE PRESS

Some foolish Judge started it out in Vancouver, and the idea
met with unfavorable comment then, and now it seems that it
might develop into something that will have to be decided be-
fore very many weeks pass.

As far as the Star is concerned, it doesn't amount to a hill
of beans, but the idea of the press being excluded from court-
rooms is a dangerous idea that might have repercussions later
on unless steps are taken to prevent its further happenings.

The following is an editorial from the "Journal" that might
prove interesting to some that have not read it before. It is
quite true in every respect and gives some idea just how vital
this question is to the fairness of justice.

A MONTREAL JUDGE DOES IT NOW

Evidently the recent comprehensive review by the B.C. Su-
preme Court of the right of the press to attend judicial hear-
ings has not been read in Montreal or if it has reached there,
has not impressed Judge Legrand and Chief Crown Prosecutor
Oscar Gagnon, K.C. The judge excluded reporters from the
trial of a woman charged with an unsavory crime and the pro-
secutor agreed with him.

Most amazing however is the opinion of Mr. Gagnon. Said
he: "After all, the presence of newspapermen is tolerated by
the judge concerned."

Few judges in any British country would agree. Many noted
judicial authorities have been quoted in the past few weeks to
demonstrate the right of the public to listen to trials of fellow
citizens, the types of cases excluded from this general right be-
ing strictly limited.

The officers of this Montreal court should be reminded that
"the security of securities is publicity," that "where there is
no publicity there is no justice," that "in the darkness of
secrecy, sinister interests and evil in every shape have full
swing," that "the judge himself, while trying, is under trial."

Where the evidence is unsavory, a judge may order the court
cleared, but he is unwise if he orders reporters out also. News-
papers are most unlikely to publish filth, but reporters present
at a trial represent the public. Their very presence is a safe-
guard against an accused being given an unfair trial, and also
against the possibility of a person found guilty later charging
judge, prosecutor and police with unfairness.

PROBABLE INSECT SITUATION IN ALBERTA DURING 1945

Insects are influenced greatly by
seasonal, climatic conditions, both
local and general. It is difficult there-
fore to determine in advance just
how much damage a given infesta-
tion is likely to cause. With this
limitation and the understanding
that the present known infestations
are not equally distributed over the
province as a whole, states G. F.
Manson, Dominion Entomological
Laboratory, Lethbridge, an indication
of the probable situation for the
current season seems in order as a
broad guide to what may be expect-
ed.

PALE WESTERN CUTWORM
This gray-green cutworm, which
caused extensive losses throughout
the drier areas of the province prior
to 1942, is again definitely on the
increase. Scattered reports of dam-
age were received during 1944 from
the areas of lowest rainfall. Moths
were also present in considerable
numbers during the flight period of
August 1 to September 15. The
"worms" are hatched early in the
spring and feed for a short period
above ground before going into the
soil. Once they are underground
they came to the surface only when
the soil is wet and consequently can
rarely be poisoned. If during the
period of feeding, to about June 30,
there are 10 or more wet days, that
is days on which cultivation is sus-
pended, the amount of damage dur-
ing the current season is reduced
and the infestation for the following
season will probably not be serious.
The area of Alberta most likely to
be affected is that across the south-
ern part of the province from Mac-
leod to the Saskatchewan border
and north to a line through Vulcan
Milo and Empress.

WHEAT STEM SAWFLY
There is every indication that the
wheat stem will again be severe in
those areas affected in 1944. Some
minor extension into the surround-
ing territory may also be expected.

BANK OF MONTREAL CROP REPORT No. 4

In the Prairie Provinces, crop pros-
pects have improved as the result of
widespread good to heavy rains. The
moisture supply is now generally
adequate for the present, except in
northern Alberta and south-western
Saskatchewan, where conditions are
only fair. Timely rains will also be
needed in other areas of Alberta and
Saskatchewan, where subsoil mois-
ture reserve is low. Early sown
grains are entering the shot blade,
has been scattered but heavy hail
damage in some areas of Alberta.

Hints for the Household

The molasses cookies are an excellent refreshment for the children's party. Good between meals or for that U.S.O. party. The new fruit and cereal combination adds flavour and gives a different texture to the cookie. Coffee Sparkle is a luxury drink, while the fruit cream pie and the unusual bread recipe are two that you really must try.

Raisin Bran Molasses Cookies

2 cups sifted flour
1/2 teaspoon double-acting baking powder
1 teaspoon soda
1 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon ginger
1/2 cup shortening
1/2 cup sugar
1 egg
3/4 cup molasses
1 1/2 tablespoons vinegar
3 tablespoons milk
1 cup raisin bran

Sift flour once, measure, add baking powder, soda, salt, and spices, and sift again. Cream shortening, add sugar gradually and cream together until light and fluffy. Add egg and beat well. Add molasses and vinegar mix thoroughly. Add flour mixture, alternately with milk, mixing well after each addition. Add bran and blend. Drop from teaspoon on greased baking sheet. Bake in hot oven (400) 8 minutes, or until done.

Makes 5 dozen cookies.
NOTE: For softer cookies, store with slice of bread in covered container.

Bran Flakes Bread

2 cups sifted flour
2 1/2 teaspoons double-acting baking powder
1 teaspoon salt
1/2 cup sugar

1 egg, well beaten
3/4 cup milk
4 tablespoons molasses
3 tablespoons melted butter or other shortening
1/2 cup chopped raisins, if desired
1 cup wheat and malted barley flakes

Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Combine egg, milk, molasses and shortening. Add to flour mixture with raisins and flakes stirring only enough to dampen all flour. Bake in greased loaf pan 8x4x3-inches in moderate oven (260F) 1 hour or until done. Cool. Wrap in damp cloth or waxed paper and store several hours or overnight before slicing.

Prune Flakes Bread. Omit raisins and add 1 cup cooked, drained finely cut prunes.

Nutmeg Rennet-Custard

1 package vanilla rennet powder
2 cups milk, not canned
Nutmeg
Set out 4 or 5 individual dessert glasses. Warm milk slowly stirring constantly. Test a drop on inside of wrist frequently. When COMFORTABLY WARM (110F) not hot, remove at once from heat. Stir rennet powder into milk briskly until dissolved — not over one minute. Pour at once while still liquid into individual dessert glasses. Sprinkle lightly with nutmeg. Do not move until set about 10 minutes. Then chill.

Magic Fruit Cream Pie

1-3 cups (1 can) sweetened condensed milk
1 cup lemon juice
1 cup sliced strawberries or other fruit
2 tablespoons sugar
Baked pie crust (9-inch)
Blend sweetened condensed milk

lemon juice and egg yolks. Fold in sliced strawberries or other fruit. Pour into baked pie crust. Cover with meringue made by beating egg whites until stiff and adding sugar. Bake in moderate oven (350F) 30 minutes or until brown. Chill before serving. Or omit the meringue and garnish with fruit.

Even the bride who can barely boil water can count on achieving a tooth some cream pie if she makes her pie filling of sweetened condensed milk. This smooth creamy blend of whole milk and sugar guarantees a magically failure-proof filling that is always just right for cutting, never runny and never too stiff.

Orange Rosetta Salad

3 cups orange sections
1 cup banana slices
Salad greens
Cherries or berries
Arrange orange sections and banana slices on salad greens. Top with cherries and cherry or berry. Serve with Sweet French Dressing. (Serves 4)

Coffee Sparkle

Add a half pint of Vanilla ice cream to a pint of cold, freshly made decaffeinated coffee. Beat until creamy with an egg beater. Fill glasses three-fourths full of this coffee then fill with ginger ale.

Remember that decaffeinated coffee when made in a percolator should "perk" from 15 to 18 minutes or longer than the ordinary kind to bring out its full coffee flavour. You can make it as strong as you like and look forward to a good night's sleep.

How to Make Table Linens Gleam
If you want to prolong the life of your precious table linens change your method of folding napkins and tablecloths from time to time to avoid excessive wear on certain parts. Continued creasing in the same place weakens the best of fabrics. And if you want to keep your linens gleaming white, dissolve bluing flakes right in the same hot water with your laundry soap when you wash them. That trick of bluing in the suds saves the need of special bluing job and prevents streaking as well.

"We Need a Boatload of Cement"

Gladys Arnold, former newspaper woman in Paris, now attached to the Information Service of the Fighting French, has just returned from a three-months' visit to France — her first since she had to leave the country in 1940. I listened to her tell her story the other day, and it was a grim one. "The French have lost a million homes, a million children, 75 per cent of their vehicles, 2,000 miles of railway lines, and 4,000 bridges. Last winter there was no heat anywhere—in homes, offices or stores. You wore everything you owned all the time, and broke the ice in your ink-well before you started to write. Often there was no heat to cook hot meals. A typical restaurant meal, costing anywhere from a dollar up, consisted of a big bowl of soup, a dish of boiled cauliflower, a dish of mashed potatoes thickened with flour and water, and, if you were lucky, an apple."

One of Miss Arnold's stories brought home one of the daily miseries one doesn't think of over here. That is the dreariness of waking up every day and looking out your window on a mass of rubble. Said the Mayor of Caen to Miss Arnold, "We need food, we need clothes, we need medical supplies, yes all those things, but what we need most is a boatload of cement. Look at all those bricks out there. We could rebuild if we had something to hold them together. Man was not made to live in the midst of ruins."

Put on the Back CBC
Every year the Institute for Edu-

cation by Radio of Columbus, Ohio, holds an "exhibition" of educational radio programs and grades them. This year CBC took four first awards including all the awards given in the cultural programs division, and one for a broadcast in the series devoted to programs for use in schools.

Commented the judges, the CBC programs "were by far the finest submitted," "represented radio at its best," and displayed "intelligent use of radio."

Different Needs for a Different War

The change-over from the European theatre to the Pacific theatre has already made a great difference war effort. Some goods which were in critically short supply for years will soon be in ample supply; other to the kind and quantity of Canada's goods which required thousands of workers to produce will not be needed again.

What all this means is that Canadians as a whole can look forward to a change in the things they can buy for themselves. A few things which have been plentiful may become scarce, but generally it will be the other way about. The government's policy is to relax controls as soon as possible, and already dozens of restrictions on production and distribution have been lifted. But it is also determined to keep up the fight against inflation—that dread post-war menace—by maintaining controls wherever necessary and for as long as necessary. Already travel restrictions have been eased, special excise taxes on household appliances using gas or electricity have been lifted, permits to buy inner tire tubes are no longer necessary, restrictions on production of certain household goods are no more.

Two repeals are of special interest to the farmer. The first is the lifting of all restrictions on the import and manufacture of repair parts for farm machinery, and the provision of 18,000 tons of farm implements to the Veterans' Land Act. The second is the lifting of restrictions on the schedules and routes of passenger buses.

Ready for the Tropics
Canadian ships detailed for Pacific duty have been all fixed up for tropi-

cal life. Some have been air-conditioned, and all have insulation and improved ventilation. Refrigeration space has been enlarged, and cold water drinking fountains and awnings for harbor use have been installed.

SEARLE PRECIPITATION

REPORT No. 8

During the past week there has been another decline in the moisture condition of the three prairie provinces. The total moisture condition now stands at 83.1% of normal, compared with 85.5% a week ago and 93.2% at this time a year ago. The total moisture condition for the province of Alberta is now 77% of normal, compared with 78% last week

and 81% at this time a year ago. For Saskatchewan the similar condition is now 83% of normal, compared with 85% a week ago and 96% at this time a year ago. For Manitoba the similar condition is now 100%, compared with 111% last week and 107% a year ago.

In Alberta only Crop District No. 2 is normal, all others being somewhat below normal. In Saskatchewan only Crop District No. 5 has a normal condition, all others being below normal with Districts 3, 4 and 7 being decidedly below normal. In Manitoba Crop District No. 5 is badly in need of moisture; all other Districts are somewhat below normal with the exception of No. 11 which is normal.

Main Highway Work Now in Full Swing

Road crews are making progress with projects on this year's program of the provincial public works department according to reports received by the Alberta Motor Association.

Under suitable weather conditions progress is reported on the reconstruction of sections of the Calgary Edmonton highway. Some complaints were made over the condition of the detours and these were investigated recently by the minister, Hon. W. A. Fallow.

One of the main projects is the rebuilding of the road from Edmonton south to Millet. This was on the 1944 program but had to be delayed due partly to wet weather conditions last year when it was impossible to make the progress hoped for.

Officials say that work also is going ahead on the Calgary-Crossfield reconstruction project which is being completed this season. Another of the major 1945 jobs now under way is straightening and graveling of the main highway link between Coultas and Lethbridge. Crews are working from the southern end and it is expected some 50 miles will be finished this season.

More Gasoline For Cars Entering U.S.

Welcome news for Alberta motorists who plan to make trips to the United States during the holiday season has just been received by the Alberta Motor Association.

The U.S. authorities have increased the gas allowance for Canadian motorists entering the U.S. Instead of the former 15 gallons allowed, the ration has been increased to 20 gallons, covered by two coupons, each good for 10 U.S. gallons.

While the U.S. gallon is not as heavy as the Canadian, this additional fuel allowance will be welcomed by drivers.

It is all the more so in view of the announcement that the U.S. has relaxed border crossing restrictions on Canadians visiting the U.S. for 20 days or less.

While the allowance is increased for motorists entering the U.S., a note of warning against Canadians using up their coupons in the hope of the dominion's allowance being further increased this year has been sounded by federal government officials.

It has been stated there is no immediate prospect of the gas ration being increased or being lifted in Canada.

Canada Gets 5p.c. World Sugar

Increase in beet sugar production in Canada would not add any appreciable amount to the stock of sugar available to Canadian consumers, War-time Prices and Trade Board officials point out, commenting on the suggestion made in some quarters that a cut in the Canadian sugar ration might have been avoided by doubling the Canadian acreage in sugar beets.

The world supply of sugar has been pooled under an agreement between Britain, Canada and the United States. Given an allotment on the same per capita basis as the other two countries, Canada is allowed five per cent of the world's supply.

While an increase in beet sugar production in Canada would slightly increase the total amount of sugar in the world, lower now than in previous years, this increase would have to be shared with the other nations drawing from the sugar pool. Consequently, Canada's share would be very small, possibly about 1/50 of a pound, per person, per year.

EDGERTON STORE DOING WELL

The Edgerton Co-operative Store has declared a 7% dividend for 1944 on purchases made by the shareholders and the cheques are being given out. An interest of 5% on shares was paid out the past few weeks.

During the past three years several improvements have been made inside and on the outside of the store offering more convenience to patrons in their shopping needs and as a social meeting place.

Through the past war torn years, the management and staff have tried to give a courteous and efficient service; and, though merchandise has been in shorter supply, greater demands that never have been made on a stock kept well replenished in spite of shortages. Now with the war finished in Europe and the Japanese on the run in the far East we hope to have more and better merchandise in stock for our patrons.

The Board of Directors, Mr. T. Bates, Mr. H. E. Spencer, Mrs. A. E. House, Mr. W. J. Gilbert, Mr. L. E. Heffern, Mr. G. E. Welsh, Mr. W. P. Gordon, and the manager, Mr. B. D. Crane, and staff, Mrs. C. Burnett, Miss R. Bilton, and Mrs. E. Buchanan take this opportunity of thanking the members for their patronage and we wish to express our wish that we may serve you better in the years to come.

Choose Canning Sugar or Preserves

All preserves coupons are good for either sugar or preserves. Twenty extra preserves coupons, declared valid for sugar for canning this year, facilitate consumers wishing to substitute preserves purchases for sugar. Last year, such substitution entailed a visit to the ration office to exchange canning sugar coupon for preserves coupons.

When preserves coupons P4 to P13 become valid on July 19 for the final five pounds of sugar for canning, the total twenty extra preserves coupons will have been allotted to consumers. Each of these coupons like other preserves coupons, is good for one-half pound of sugar or its alternative preserves value, and remains valid until declared otherwise.

WHITE CLOUD

Mr. A. Blason and Mr. J. Roberts spent last week in the city. Miss Anderson held her weekly class at the school on Tuesday at 2 o'clock. Adults are welcome too we understand. Freddie Reid has been visiting in the district. Mr. W. LaVerne spent a few days in the city last week taking in the exhibition.

WOMEN'S HELP

Asking women not to serve meat in their households on Tuesdays and Fridays, Hon. J. L. Hiley says: "I make no apology for asking your immediate help." Those who fought

by our side in Europe are without sufficient food. We must not give them any grounds for feeling that we are indifferent in their plight or that they are being left hungry, helpless. Mr. Hiley asked women's co-operation in conserving meat until the intricate machinery of meat rationing.

FROM CANADA TO CALCUTTA

Your bank is a link between the man in Canada who has goods and services to buy or sell, and his customers abroad.

The business of your bank is not all done in dollars and cents. It renders valuable service to Canadian business in the far-off market places of the world, overcoming the obstacles of strange currencies, be they pesos or piasters, escudos or rupees.

Through its commercial correspondents and business connections all over the globe, your bank often has the specialized information necessary to bring buyer and seller together, no matter how far apart they live.

Your bank is able to gather information on the reliability of foreign firms, to handle letters of credit, to arrange the complicated exchange of funds, performing an individual, intricate and inexpensive service to importers and exporters alike.

This feature of Canadian banking has a direct bearing on your welfare. It has, through many years, developed the sale of Canadian goods abroad, resulting in more jobs for Canadian men and women.

Meatless Days In Restaurants

Tuesdays and Fridays are meatless days in public eating places in Canada, under new meat rationing regulations.

"Meatless means meatless" says a Prices Board official, for the present rationing program covers all meats and meat products including offals such as kidney, liver, heart and sweetbreads. Even pork and beans served with a strip of bacon will be 'out' on meatless Tuesdays and Fridays, although the Board condones serving soup made from meat stock.

Fish and poultry are exempt from the regulations. The new meat rationing program affecting public eating places made its entry Friday, July 13th. Although consumer rationing of meat is nearly two months away, many housewives are planning to commence meat conservation by observing meatless Tuesdays and Fridays on the home menu as well.

FRUIT RIFENS

Housewives budgeting this year's allotment of canning sugar are looking into the Canadian fruit basket to estimate the best fruits for their sugar.

According to the Dominion Bureau of Statistics this year's grape harvest will be the third largest in history, but the apple crop is just about half what it was a year ago. Small fruits are above their average production, including strawberries, raspberries, grapes, B. C. cherries and apricots. Weather has played havoc with the large tree fruit crop in Eastern Canada, reducing the number of peaches, plums, pears and cherries. The overall cherry crop is less than it was a year ago, although British Columbia cherries exceeded those of last year.

On July 19, ten preserves coupons were valid for the purchase of five

pounds of sugar for canning. Two preserve coupons declared valid for this purpose on March 15 and eight on May 17 now total the complete 20 coupons good for the full allotment of 10 pounds of sugar for canning. Preserves coupons are good for the alternative purchase of half a pound of sugar instead of the regular ration.

GERALD

The July meeting of the Mission Band was held at the home of Mrs. R. Campbell, Della Christopherson presided. Clara Campbell was hostess. On Sunday July 15th, a number of Gerald residents enjoyed a picnic at Clear Lake, while Mr. and Mrs. D. Rattray joined others of their relatives in a family gathering at Holden.

Mrs. C. Gullekson has as her guest Miss E. Gadston of Oyen.

Visitors at the home of Mr. and Mrs. R. E. Campbell are his Aunt and Cousin Mrs. M. Hammond, and Miss M. Hammond of La Riviere, Man. Gordon Greenway spent a few days at the home of Mr. and Mrs. D. Rattray, Jr., last week.

Mrs. G. Christopherson spent last week in Edmonton, visiting with her

parents there. Mr. R. Moffat went to Edmonton on Wednesday, last week, and attended the Edmonton fair.

The July meeting of the Gerald Victory Club was held at the home of Mr. D. Rattray in Wainwright on Thursday, July 19th. Members of the Sydenham Club were invited to this meeting, so that there were about 30 present. Mrs. L. Myggland presided. The two clubs have made arrangements to have a joint meeting in the I. O. O. F. hall on August 30th, when Miss Whaley, District Home Economist will give a demonstration. Mrs. G. Spike of Edmonton was the winner of the gift of the month, Mrs. G. Johns was in charge of an interesting contest that was won by Mrs. H. Driver. Lunch was served by the hostess and other members.

Mr. and Mrs. C. Borch and family have returned home, after a holiday in Regina. Her sister, Mrs. L. Holsins and family of Swift Current accompanied them home.
